

29 Ashton Street ARIAH PARK NSW

3  1  1 

This solid brick home with internal cement walls was built to last. Across the road from the school and half a block from the main street it is very central. The large block (1,020sq meters) offers great privacy and the feeling of country life. A bright sunny enclosed porch covering the width of the house welcomes you to this home. The home has 3 double bedrooms one with built-ins (currently being used as sewing room), one with fire place and the other with R/C air con. All the bedrooms have ceiling fans. The bathroom has some great original fittings and been modified for someone with mobility problems. The lounge has a wood heater, gas fitting and R/C air con. There is a good size porch and laundry at the rear of the house. The jewel of this home though is the kitchen. A lovely big sunny room with windows all along 2 sides. Outside is a very large shed

Type : House
Price : \$ 87,000
