2  1  1 

Next door to the village hall, across the road from the school and only one block to shops and post office. Locations don't get any more central than this quaint weatherboard home. This home has 2 bedrooms a sleep out and separate lounge with R/C air conditioning. The kitchen has electric stove, old wooden stove and breakfast bar. There are 2 sheds and plenty of space outside on this generous block. This house is definitely priced to sell. Homes under \$100,000 don't come up very often. Call to inspect NOW
