The 2 main bedrooms are large with ceiling fans; a sleepout off the main bed is currently being used as a walk in robe/dressing room as it has built in robes. It could be a home office.

The carpeted hallway pans into open kitchen & dining that have floor boards. Heating and cooling are taken care of by ceiling fans, air conditioning and a wood fire. The neat kitchen is in good condition, with reasonable cupboard space, electric stove, double sink and space for a dishwasher. A back room separates the fairly generous laundry and bathroom; bathroom features a bath with shower over and sink. Laundry has a toilet and double tub. Back room is ideal for storage. The neat backyard has a good, single lock up garage, the yard is well fenced.
