Here is a once in a life time opportunity.

The position of this double brick home alone is sure to get people want to inspect, but here are some more features in case you still need convincing.

There is a Wide Hallway, which has the large lounge room to the right and bedrooms to the left. Lounge room has an open wood fire place, gas heater and built-in book cases for your library. A separate dining room is at the end of the hallway - great for family gatherings. Can't forget the ducted cooling either.

A total of 4 bedrooms PLUS a sleep-out PLUS an office. All bedrooms are a good size. Office has more built-in shelving
