Relax on these beautiful full wrap around verandahs! Built around 1913, this 3 bedroom home is huge.

The 3 bedrooms are all good sizes, with a separate storeroom currently used as a walk in robe.

There are two living areas in the home, the front is a freshly painted foyer area with views over the verandah, and the second is used as the main living area, with outside access. New carpet is throughout most of the home.

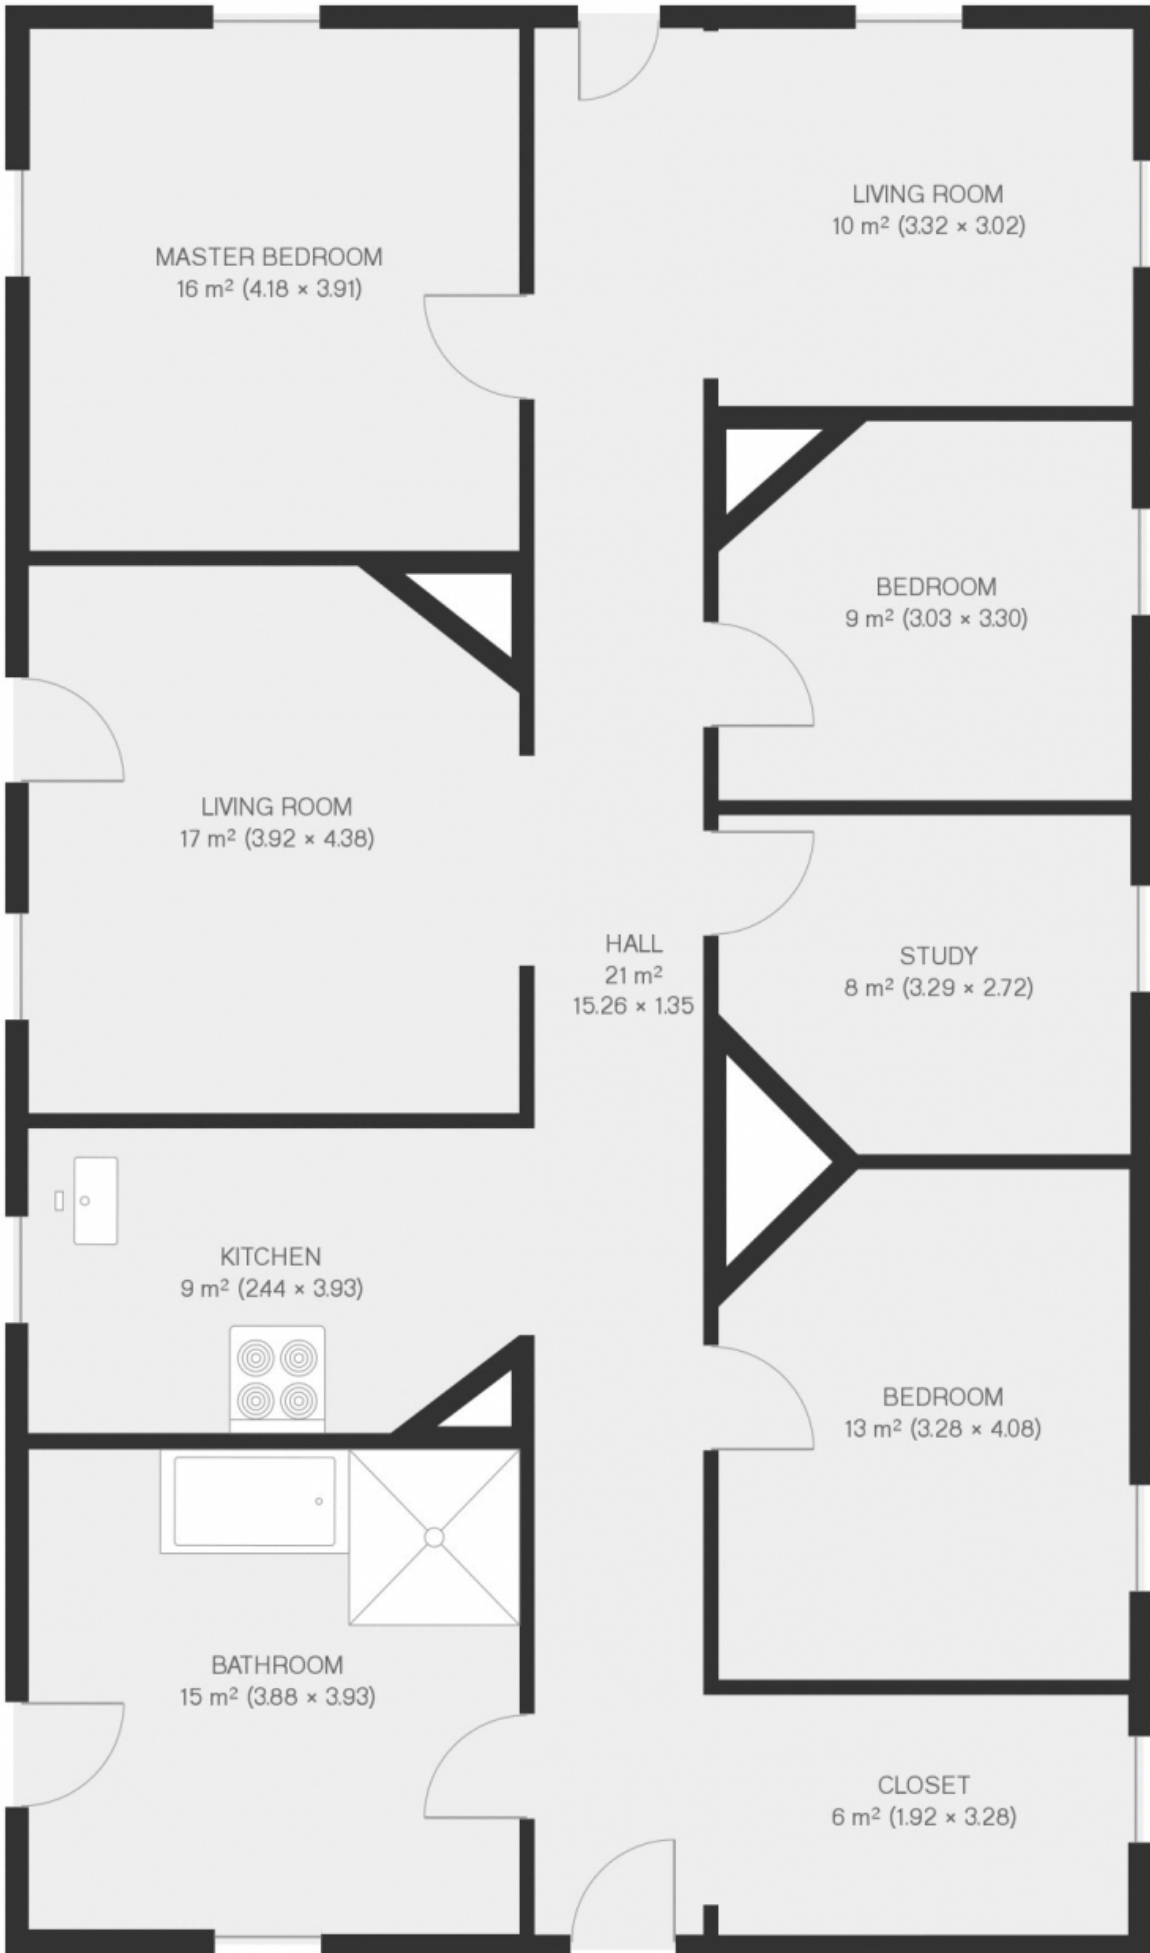

The kitchen is well thought out, with a tonne of cupboard space. Natural gas, ceiling fans and 2 split systems service the home. Laundry and bathroom are combined - this massive space has storage and could be turned into 2
