

117 Parkes Street TEMORA NSW

3  1  5 

This amazing home has undergone a complete transformation, with no rooms spared. The central position of this home completes it, making it oh so family friendly.

The master room in this 3 bedroom home is complete with walk in robes, and features an ornate deep silled window. A room off the living room could easily be converted into a fourth bedroom or an office.

In the new kitchen are floorboards, stainless steel appliances and plenty of space. Both separate living areas are adjacent to the kitchen, one with ornate fireplace with a natural gas bayonet. The back living area overlooks the deck and large back yard.

Surprises continue to arise as you walk into the new bathroom - with a frameless shower, large vanity and neutral colour scheme. The laundry is incorporated. No

Type : House

Price : \$ 275,000
