Situated less than 1 1/2 hours from Canberra, 3 hours from Sydney and 4 kms from the iconic "Dog on the Tucker Box", this postcard property is ideal for that weekend getaway or ultimate tree change.

This historic property, Circa 1860* set on approx 14 acres has so much character and charm, including the original homestead "Lydia Villa" that still has original features but needing some TLC and someone with a zest for renovating and restoring older homes to bring her back to her former glory or build your own dream homestead (STCA). The property has been used in earlier years for market gardens with some of the original orchid still thriving and fruiting.
